Mission

To bring safety, justice, and healing to child survivors of sexual violence in Uganda.

Vision

An end to child sexual violence in Africa.

Guiding Scripture

“You intended to harm me, but God intended it for good to accomplish what is now being done, the saving of many lives. So then, don’t be afraid. I will provide for you and your children.” ~ *Genesis 50: 20-21*

OUR STORY

In 2021, inspired by their daughter's desire to use her personal testimony to help other Ugandan children impacted by sexual abuse, Scott and Sarah Lambie launched Rescue One More.

Having lived in Uganda for seven years and adopted two children impacted by **sexual violence against children (SVAC)**, the Lambies had a unique perspective on the situation.

In Uganda, **more than 1 in 3 girls and 1 in 6 boys experience SVAC**. The resources available to help children are limited and often too costly to pursue. **Survivors are often silenced by their families and communities** and forced to endure the trauma in silence.

Rescue One More is on a mission to change that by **providing children with a pathway to safety, justice, and healing** while working to bring an end to SVAC once and for all.

Using a proven community-driven approach pioneered by the **Children's Advocacy Centers**, Rescue One More brings community leaders together to offer **coordinated and streamlined responses to SVAC, ensure successful investigations, and minimize additional trauma to the child**.

The approach has been implemented through multidisciplinary teams (called Community Action Teams or CATs) which conduct case reviews and use their combined resources and experience to ensure each child receives safety, justice, and healing.

The teams also work together to prevent SVAC through community awareness and prevention initiatives.

In 2021, one CAT was fully implemented and operating. A second was in the process of establishing its protocols.

Rescue One More also partnered with 3 organizations providing safe shelter, trauma counseling, case management, and resettlement services.
